

# PARENT HANDBOOK

January 2025

Welcome to MyGoal Education! We're delighted to have you join us on this educational journey. This handbook has been crafted to provide you, as parents, with essential information and guidance, ensuring a smooth and enriching experience for both you and your child.

## OUR MISSION AND VALUES

Welcome to MyGoal Education, where we believe true success comes from **trusting the process, not just the outcome**. In a world focused on comparison and competition, we emphasise personal growth and dedication. We believe success is more than just a grade.

We teach students to focus on the small things: taking notes, refining study techniques, and giving their absolute best. It's not about perfection, but about **walking away with your hand on your heart, knowing you gave it your all**. This mindset helps our students build confidence and resilience, setting them up for long-term success. It's these values that drive our students each year, preparing them for success beyond the classroom, in both their careers and life. Isn't that what education is truly about?

## THE 4 STEP PROCESS

The tutoring process comprises four straightforward steps:

### 1. Phone Call

Samarth will conduct a 15-minute phone call with you to discuss goals for your child.

### 2. Group Chat

Samarth will create a group chat with you and the tutor to organize a suitable session time.

### 3. Lesson

The lesson occurs with tailored activities for your child's engagement and learning.

### 4. Payment

Following each lesson, an invoice will be promptly sent out for payment processing.

## TESTIMONIALS

Here from some of our past students and parents:

"We received tutoring from MyGoal who **lifted our son from a B to an A+**. Our son had a few different tutors over the years but not all of them suitable to our son, so it was a blessing to come across MyGoal. They have been caring and supportive by adapting their teaching style to suit our son, which in turn brought out his best"

Keleven Zhang, Business Management/Economics (VCE Class of 2022)

"I am truly grateful for MyGoal's impact on my daughter this year. More than the study score, the embodiment of their values to teach students to **trust the process and not the outcome**, is the biggest takeaway for our daughter allowing her to **manage the stress/anxiety that comes with VCE**. Thank you MyGoal."

Sadika Sarika, Economics/Chemistry (VCE Class of 2023)

"As a **regional student**, MyGoal provided me with **valuable resources and innovative teaching methods** that were otherwise unavailable at my school. This gave me a **competitive edge over other students** and ultimately helped me achieve one of the highest scores at my school. The tutoring was direct and effective, with clear explanations of key Accounting/English concepts, while also adapting to my individual learning style. Thanks to MyGoal's support, I was able to achieve a high enough score to **pursue my dream course**."

Floyd Cartner, Accounting/English (VCE Class of 2024)

## FREQUENTLY ASKED QUESTIONS

### Are the lessons face-to-face or virtual?

Most lessons are virtual for efficiency. In-person tutoring is available based on tutor availability.

### What are the qualifications of the tutors?

Our tutors have achieved 99+ ATARs or 45+ study scores, tailor lessons to student needs, and have over 500 hours of tutoring experience. Some resources are VCAA examiner-endorsed.

### Are the lessons group or individual?

We recommend group lessons as they are cost-effective and foster peer collaboration, enhancing understanding and learning outcomes. Past students have found particular success with group lessons as they engage and learn from their peers, creating the exchange of knowledge and the development of collaborative skills.
